**COMMUNICATION TO CORRECT THE PATENT OFFICE RECORD REGARDING A
PREVIOUSLY SUBMITTED INFORMATION DISCLOSURE STATEMENT**

Dear Sir,

It has come to the Applicant's attention that the Information Disclosure Statement submitted on June 5, 2007 in connection with the present application included a typographical error. As a result of this typographical error, U.S. Patent Application Publication No. 2003/0040944 was incorrectly listed as No. 2003/0440944 on PTO form PTO/SB/08A (see attached copy of PTO form PTO/SB/08A submitted on June 5, 2007). The Applicant asserts that this typographical error was made through inadvertence and without any deceptive intent on the part of either the Applicant or his representatives.

In order to correct the Patent Office record, a copy of the Information Disclosure Statement submitted June 5, 2007 is enclosed herewith along with a corrected version of Form PTO/SB/08. The Applicant asserts that U.S. Patent Application Publication No. 2003/0040944, included in this corrected version of Form PTO/SB/08, was intended to be part of the Information Disclosure Statement submitted June 5, 2007.

The present submission is being made after the mailing of a Notice of Allowance. In addition, the Applicant is not in a position to make the statement under 37 CFR 1.97(e) since the Applicant has

been aware of U.S. Patent Application Publication No. 2003/0040944 at least since June 5, 2007, which is more than three months from the submission of the present letter. As such, since this Information Disclosure Statement is being filed after the time periods specified in 37 CFR 1.97(b) and 37 CFR 1.97(c) and since the applicant is not in a position to make the statement under 37 CFR 1.97(e) as required by 37 CFR 1.97(d), the Applicant understands that there is a possibility that U.S. Patent Application Publication No. 2003/0040944 listed in the attached corrected version of Form PTO/SB/08 will not be considered by the Office.

The Applicant has reviewed U.S. Patent Application Publication No. 2003/0040944 listed in the corrected version of Form PTO/SB/08 and believes that this document does not include information material to the patentability of any claim in the present application. As such, in accordance with 37 CFR 1.97(g) and (h), this statement is not to be construed as a representation that the information cited herein is, or is considered to be, material to patentability as defined in 37 CFR 1.56(b). Rather, the present submission is solely intended to correct the Patent Office record. In accordance with 37 CFR 1.97(i), the Applicant respectfully requests that this Information Disclosure Statement be placed in the file of the present patent application.

The Patent Office is hereby authorized to charge any deficiency, or credit any overpayment in fees to Deposit Account number 04-1577.
